*A Time of Remembrance*

**Join us! Your friends and family are welcome to attend the Afternoon of Remembrance Memorial Service, honoring the memory of your loved ones.**

*Reception with light refreshments will follow the program*

**Pathways and Skylawn offer a shared experience of readings, reflections and music.**

**Together, we will create an exceptional collective bouquet of flowers. We will have flowers available or feel free to bring a flower in honor of your loved one to place in the arrangement. Each flower in the bouquet will represent your loved one and remind us of the beauty and love they brought to our lives.**

**A memorial table will be available for you to display a picture or object to honor your loved one, remembering them, during this service as you say their names and add your flower to the bouquet.**

**As an option, please email Pathways the name of your loved one and their photograph. We will display their name and photograph on the Memorial Table.**
